Continuing education (CE) in psychology is an ongoing process consisting of formal learning activities that (1) are relevant to psychological practice, education and science, (2) enable psychologists to keep pace with emerging issues and technologies, and (3) allow psychologists to maintain, develop, and increase competencies in order to improve services to the public and enhance contributions to the profession.

The Institute for Behavioral Sciences and the Law is approved by the American Psychological Association to sponsor continuing education for psychologists. The Institute for Behavioral Sciences and the Law maintains responsibility for this program and its content.
